I'm not gonna name names, but I was told by someone close to Charlie Kirk that Charlie thinks Israel will kill him if he turns against them.

That is a scary thought, but I am sure a lot of people were very mad after this debate, because Israel looked really bad in front of everyone and everyone was in agreement and found out that everyone else was in agreement.

Yeahh... but even more than this debate it was Charlie encouraging TPUSA Crowd to raise their hands in agreement with Megyn Kelly if they agree Epstein was Mossad.

Shows flight from Page to Provo, landing at Provo, then immediately lining for takeoff and returning to Page. So if the shooter was on this plane, he/she/it jumped out on the taxi way lol. Look at the time stamps.
