Are you all not entertained? Another clown s**t show is coming soon to a theater near you...

After the (still heavily redacted) EPSTEIN files debacle, they willy-nilly bombed Iran to create a potential WW3 distraction and also to try another "Energy / oil LOCKDOWN"; but that seems to be slowly fizzling out.

Recently, they attempted to kickstart another "Scamdemic" event with a supposed "Hanta-virus" on board some cruise ship, but even the "normies" now are seeing through it & ignoring the BS mainstream news.

[Something weird about this cruise ship virus](#)

[LOCKDOWN ALERT: Globalists Launch COVID 2.0 As Hantavirus Spreads Worldwide!](#)

[Move Over COVID-19\(84\) It's The Hantavirus's Time to Shine!!](#)

So now, as folks start to circle back to the EPSTEIN files again, they are left with little choice but to scream :

"L-O-O-K Ma!!! A - L - I - E - N - S-ssssssss!!!!

Additional note : Logically IF "Aliens" AND "pandemic-causing viruses" exists and are so dangerous to humankind, then the TV experts should really be telling everyone to go "vaccinate" for "Alien Viruses" by now.

This is why I think those pushing ahead with the Aliens "disclosure" psyop didn't realize this will easily backfire, since BOTH these ideas CANNOT be true at the same time, without them looking real stupid - i.e.) they HAVE to give up one or the other psyop since both cannot co-exist without them eventually pushing for an "Alien Virus vaccination" campaign, yes? LMAO.
